Technical drawing of a door assembly, showing the internal mechanism and components. The drawing includes a cross-section of the door frame and the door itself. Key components labeled include:

- HL-372: A component at the top right of the door frame.
- HL-373: A component in the middle of the door frame.
- HL-374: A component at the bottom of the door frame.
- HL-375: A component at the bottom of the door frame.
- HL-376: A component at the bottom of the door frame.
- HL-377: A component at the bottom of the door frame.
- HL-378: A component at the bottom of the door frame.
- HL-379: A component at the bottom of the door frame.
- HL-380: A component at the bottom of the door frame.
- HL-381: A component at the bottom of the door frame.
- HL-382: A component at the bottom of the door frame.
- HL-383: A component at the bottom of the door frame.
- HL-384: A component at the bottom of the door frame.
- HL-385: A component at the bottom of the door frame.
- HL-386: A component at the bottom of the door frame.
- HL-387: A component at the bottom of the door frame.
- HL-388: A component at the bottom of the door frame.
- HL-389: A component at the bottom of the door frame.
- HL-390: A component at the bottom of the door frame.
- HL-391: A component at the bottom of the door frame.
- HL-392: A component at the bottom of the door frame.
- HL-393: A component at the bottom of the door frame.
- HL-394: A component at the bottom of the door frame.
- HL-395: A component at the bottom of the door frame.
- HL-396: A component at the bottom of the door frame.
- HL-397: A component at the bottom of the door frame.
- HL-398: A component at the bottom of the door frame.
- HL-399: A component at the bottom of the door frame.
- HL-400: A component at the bottom of the door frame.

The drawing also includes a dimension line indicating a distance of 16 units between two points on the door frame.
